

TWENTY-THIRD YEAR--No. 6,989.

WASHINGTON, D. C., MONDAY EVENING, DECEMBER 29, 1890.

PRICE TWO CENTS.

SPECIAL NOTICES.

BALTIMORE.

THE QUEEN CITY OF THE SOUTH.

LOTS FOR SALE.

With a population of 500,000, where, within ten years, 27,000 new buildings have been erected, costing \$30,000,000.

Ships from every port ride at anchor in her harbor, and in one year her exports have increased \$20,000,000. Is there any other Southern city can make such a showing?

We have just 34 lots left, 25x110 feet, in the most desirable part of the city. Only 15 minutes from the center, in the most select and aristocratic neighborhood, ranging in price from \$15 to \$250. This is the only chance now, and never again will there be an opportunity to buy lots at this price in the city of Baltimore. Even now, a mile beyond us, they are selling lots for double the money. These prices will only hold good for two weeks.

A FEW FACTS WORTH REMEMBERING.

That Baltimore is the Queen City of the South.

That she has a population of about 500,000.

That she has in ten years erected 27,000 new buildings, costing \$30,000,000.

That in one year her exports have increased \$20,000,000.

That ships from every port ride at anchor in her harbor.

That she controls the entire Southern and much of the Northwestern trade.

That she has mills, factories and industrial enterprises of every variety.

That she has markets unexcelled.

That she has churches, schools, colleges, and all educational advantages equal to any in the world.

The little booming towns of the South, with not a hundred part of the population, the wealth, enterprise, factories, educational advantages and home comforts to be had in Baltimore, are selling lots at from five to ten times the price we are asking for lots in the most desirable part of the city. Only 15 minutes from the center, in the most select and aristocratic neighborhood, ranging in price from \$15 to \$250.

Remember that property in the northwestern section of this city will go on increasing in value from year to year. There is no chance for a depreciation.

Lots in this section will pay better than any other investment.
